About Kettle's Yard

Kettle's Yard is one of Britain's best galleries - a beautiful and unique house with a distinctive modern art collection, and a gallery exhibiting modern and contemporary art. Supporting this is an established learning and community engagement programme, archive, and programme of chamber concerts. In February 2018, Kettle's Yard reopened after a two-year development by architect Jamie Fobert. The new Kettle's Yard includes state of the art new exhibition galleries, generous education spaces, a café and new welcome areas. Kettle's Yard's mission is to contribute to society by inspiring and engaging audiences through art, learning and research of the highest quality. We believe that great art should not be the privilege of the few, but for everyone. Our values reflect Kettle's Yard's creator Jim Ede's support for artists and belief in art's power to make us look again and change how we act in the world.
